

# Memorandum

TO : Chief, FIOB/Security Research Staff *of* DATE: 18 January 1968

FROM : E. Mendoza

SUBJECT: Identification of Agency Pseudonyms

*C/S 16  
mendoza*

1. Several names occur in the press material recently made available to FIOB which probably cannot be identified in Security files, but which are known to the writer. These names are pseudonyms which were used by Staff employees as shown below.

Daniel CARSWELL	David L. CHRIST
Eustace DANBRUNT	Thornton ANDERSON
Edmund TARANSKY	Walter E. SZUMINSKI

2. CHRIST, ANDERSON, and SZUMINSKI were arrested in Cuba and were held prisoner by CASTRO. Their true names have never appeared in the press, and all material relating to their assignment and imprisonment in Cuba is held in SRS.

Francis MANNING                      David MURPHY

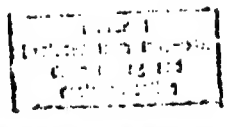

3. MANNING is the pseudonym used by MURPHY when he and (Robert GRAY) held a meeting with KGB Colonel KALEVANSKI in Vienna in 1953. This does not appear in OS files, and probably is not documented anywhere in DDP records.
